---

## Career Objective:

To utilize my expertise in the field of electrical engineering, implement my innovative ideas, creative mind towards the area of specialization which help me to grow career rapidly with increasing responsibilities.

## Professional Experience:

**Bangla Tech Erection Ltd. (Assistant Engineer-Electrical & Fire Dept.) :** ( November 2019 to Present)

- Supervising and undertaking electrical and fire department projects within a commercial environment.
- Preparing project schedules, scope of work, BOQ, drawing of substation, firefighting system (Protection & Detection).
- Effective communication skills with the clients for direct dealing.
- Providing the compliance solutions for garments factories according to BNBC guidelines.

**Innova Engineering Ltd. (Assistant Engineer- Electrical):** (October 2017 to June 2019)

- Experienced of designing, consulting of different rating substations projects.
- Reviewed and feedback of SLD & ELD drawing, Transformer, Cable, Breaker, Bus-bar selection and HT/LT/PFI wiring and LPS design.
- Coordinated to prepare product sourcing, designing, estimation to execute the projects.
- Designed and assemble of all kinds motor controlling panels.

**Cosmos Energy Services (Pvt.) Ltd. (Asst. Business Development Manager- Power Division):**  
(June 2016 – August 2017).

- Maintained client based business develop to assure maximum output to execute the projects.
- Sourced the foreign principle, EPC Contractor to participate the tender successfully.
- Communicated with the Govt. Authorities in power & energy sector to explore the business of project.
- Prepared the tender documents, submission & follow up to execute the power tender projects.

## Professional certificates:

- Training course on Industrial Technology on Electrical Engineering & Instrumentation of 4(four) week's duration conducted by Training Institute for Chemical Industries (TICI).
- Training course on Industrial Substation, Controlling & Automation, PLC, HMI conducted by Skill Development Training Center (SDTC)

**Engineering Software and Computer Skills:**

AutoCAD, PLC, Controlling and Automation and Microsoft Office.

**Memberships:** Institution of Engineers, Bangladesh (IEB) Membership No: A-15845

**Communication Skills:**

- Fluent in Bengali and English. All of them in verbal and written.
- Skilled in all sorts of business and commercial correspondence as well as writing reports and dealing with Clients.

**Education:**

Name of the Degree	Name of the Institution	CGPA/GPA	Passing Year
Master's in Electrical & Electronic Engineering (MEEE)	American International University-Bangladesh (AIUB)	3.5	Running ( Project is going on)
B.Sc in Electrical & Electronic Engineering (EEE)	American International University-Bangladesh (AIUB)	3.17	2013
H.S.C	Govt. Kabi Nazrul College	3.50	2007
S.S.C	Armanitola Govt. High School	3.50	2004

**Leadership Skills:**

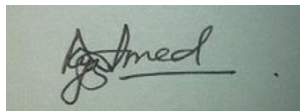

- Have the ability to work independently as well as in team. Can work with people of all level and motivate them to get things done.
- Possess analytical abilities of problem solving.
- Have ability to do work under pressure any circumstances.
- Good presenter and finisher in a meeting with Clients.
